THE FORTUNOFF VIDEO ARCHIVE FOR HOLOCAUST TESTIMONIES, founded in 1982, is dedicated to the recording, collection and preservation of videotaped oral testimonies of survivors and witnesses. The Archive holds more than 4,400 testimonies and over 12,000 hours of videotape, recorded in cooperation with 37 affiliate projects in North America, South America, Europe, Israel, and the former Soviet Union. The Archive advises students, scholars, museums, and educational associations; catalogs its testimonies to make them intellectually accessible; and loans programs of testimony excerpts to educators, schools, museums, and community groups.

The twenty-fifth anniversary conference was made possible by a grant from the Edward J. and Dorothy Clarke Kempf Memorial Fund and by support from Yale University's Judaic Studies Program.

Additional support was provided by the John K. Castle fund of the Program for Ethics, Politics and Economics, the Joseph Slifka Center for Jewish Life at Yale, the Orville H. Schell, Jr. Center for International Human Rights of the Yale Law School, Germanic Languages and Literatures Department, and the Jewish Federation of Greater New Haven.
