*THE FORTUNOFF VIDEO ARCHIVE FOR HOLOCAUST TESTIMONIES* established in 1981, has pioneered the recording, collection and preservation of videotaped oral testimonies of survivors and witnesses. The Archive holds more than 3,800 testimonies and over 10,000 hours of videotape, recorded in cooperation with 37 affiliate projects in North America, South America, Europe, Israel, and the former Soviet Union. The Archive catalogs its testimonies to make them intellectually accessible to students and scholars, and loans programs based upon testimony excerpts to educators and community groups.

*THE ORVILLE H. SCHELL, JR. CENTER FOR INTERNATIONAL HUMAN RIGHTS* was established in 1989, in memory of Orville H. Schell, Jr., a distinguished New York City lawyer with a keen interest in human rights. The Center provides a forum for practitioners in the area of international human rights to consider the large, long-term theoretical issues their work entails, and for scholars to conduct interdisciplinary research and discussion on international human rights. The Center sponsors lectures and conferences, provides research fellowships, and supports undergraduate and graduate education – both theoretical and practical – in international human rights.

*WE WOULD LIKE TO EXTEND A SPECIAL THANKS TO OUR SPONSORS, WHO HAVE MADE THIS CONFERENCE POSSIBLE:* Charles H. Revson Foundation, Alan M. Fortunoff, Orville H. Schell, Jr. Center for International Human Rights, Child Study Center, Department of English, Department of French, Judaic Studies Program, the President's Office, and Yale Hillel.
