THE FORTUNOFF VIDEO ARCHIVE FOR HOLOCAUST TESTIMONIES, founded in 1981 and inaugurated in 1982, is dedicated to the recording, collection, and preservation of videotaped oral testimonies of survivors and witnesses. The Archive holds 4,500 testimonies comprising over 12,000 hours of videotape, recorded in cooperation with 37 affiliate projects in North America, South America, Europe, Israel, and the former Soviet Union. The Archive advises students, scholars, museums, and educational associations; catalogs its testimonies to make them intellectually accessible; and streams educational programs of testimony excerpts from its website (www.library.yale.edu/testimonies). The Archive is migrating the entire collection to digital formats for preservation and access purposes, and expects to complete this effort in 2014.

The thirtieth anniversary conference is made possible by a gift from the Edward J. and Dorothy Clarke Kempf Fund and by support from Yale University's Judaic Studies Program and the Yale Program for the Study of Antisemitism.

Additional support is provided by the Orville H. Schell, Jr. Center for International Human Rights of the Yale Law School, the Joseph Slifka Center for Jewish Life at Yale, French Department, Germanic Languages and Literature, Italian Language and Literature, and the Genocide Studies Program.
